Guidelines for Ramp Bowling

Ramp Assisted Bowlers

- For Ramp Assisted bowlers, the volunteer is allowed to assist the bowler in setting the ramp.
- The volunteer will place the ramp in a neutral center-line position. The bowler may direct the volunteer, either verbally or gesturally, in aiming the ramp.
- The volunteer may assist in carrying and setting the ball on the ramp.
- The volunteer may assist the bowler in getting themselves situated at the ramp.
- Once in position, the volunteer may assist the bowler in placing their hand on the ball.
- The volunteer may help steady the ramp as long as they are not facing toward the pins.
- The bowler initiates the ball being pushed down the ramp. In some limited cases, the volunteer may help steady the bowler's arm. The bowler controls the ball.

Unassisted Ramp Bowlers

- For Unassisted Ramp bowlers, the difference is that the athlete must aim the ramp and steady the ramp independently.
- The volunteer may place the ramp in a neutral center-line position. The volunteer does NOT aim the ramp. The bowler controls aiming the ramp independently.
- The volunteer may assist in carrying and setting the ball on the ramp.
- The volunteer may assist the bowler in getting themselves situated at the ramp.
- At this point, the bowler has control of the ball and the ramp. The volunteer steps away.
- The volunteer does NOT steady the ramp for the bowler.

Special Assistants:

Ramp bowlers may request an assigned staff from their local program to assist them. These Special Assistants are required to be a registered Class A volunteer and to have a colored dot on their credential. (The athlete will have a colored dot on their credential as well) This individual is not able to sit in the pit area with the athlete. If they don't have such a dot, then one of the games volunteers will assist the bowler with their ramp and ball, etc.

Ramp Bowlers will not change lanes during the competition regardless of whether or not they are Assisted or Unassisted unless they are on a unified team.

Unified Ramp Bowlers must be Unassisted Ramp Bowlers and therefore be able to set the ramp themselves as stated above. Unified Ramp Bowlers will change lanes.

For anyone actually helping to place the ramp, please put it a few inches back from the foul line so that, when the ball pushes off, it doesn't push the ramp over the line causing a foul.
